Thank you for shopping our collection of Monogrammed Jewelry and Gifts!

What makes the perfect gift? We believe it is something that reflects the unique style and personality of the recipient, is well made, fashionable, and affordable. In this catalog you will find a wide assortment of engraved jewelry, embroidery, and gift items designed to fit any personality and age. Mix and match your favorite items then add that extra personal touch with a monogram or sentiment. Whether you are looking for a classic monogrammed pendant, a fun, trendy bracelet, or a keepsake gift, our catalog is filled with little surprises and original gift ideas on every page.

How to Read the Item Numbers

The first letters of the item tell you a lot about the piece. For example:

B = Bracelet C = Charm E = Earring G = Gift N = Necklace P = Pendant R = Ring S = Set W = Woven

If the item number is a BN, PN, EN, RN, NN, etc., that means the item is non-engravable.

All silver jewelry shown is genuine .925 sterling silver unless specified otherwise.

Placing Your Order

First, select the items that you want to purchase! We will need the item number, length/size, and color. Initials should be given in the order that they will be engraved or embroidered—first name, last name, middle or maiden.

Standards

We employ various standards to ensure consistency and ease of ordering. Please specify the desired options from those listed in our catalog. 1) If no bracelet length is specified we will send our standard 7" size 2) If no necklace length is specified we will send our standard 16" length 3) If no color is specified we will send black. 4) If no font is specified we will automatically use interlocking monogram. 5) For embroidered items, if no font or thread color is specified we will use the standard as shown in the catalog.
